Vol.30/No.7 July 2022

SHOUT OUT!!

To our wonderful golf course maintenance crews for keeping the courses in pristine condition every day. Thanks!

From the Clubhouse

From the Desk of
Tim Timlin, General Manager/COO

Dear Members,

The arrival of July now marks one month on the job and I am eager to say “Thank You” to everyone I have had the pleasure to meet. From day one the entire community including both HD members as well as team members have welcomed me with the warmest smiles, hugs & handshakes (so nice to see that back) and an enthusiasm that can only be described as off the charts. The passion, commitment and love for the entire Hammock Dunes community is evident around every corner and I look forward to continuing the mission that has been set forth.

As pictured on this month’s cover, our Grounds Crew does an exemplary job in maintaining our two courses and accommodating over 40,000 rounds of golf, but aerification week is something special. The early mornings and late days happening now are extremely important to maintain quality turf during the season and I know I speak for everyone when I say, “Kudos to a job well done”. This hard work mirrors the efforts put forth by each department across our campus as each one has the goal of maximizing the member experience. Having had the opportunity to host multiple team meetings during my first week I can assure you that our team is committed to both you as well as the Hammock Dunes Club way of life.

Heading into July the number one priority on my to do list is recruiting and securing the next Director of Golf for Hammock Dunes Club. As with myself I know this news will generate quite a bit of interest within the industry and will lead to a number of qualified candidates. With our season quickly approaching, timing will be very important and I will also remain extremely sensitive to finding the candidate that embraces the Hammock Dunes Club culture and vision.

With appreciation and respect,

Tim Timlin, CCM, CCE, CAM
General Manager / COO

Throughout my career, I get many questions on the type of chef's knife that I use, how to sharpen it, what is honing, etc... When selecting a chef's knife (or line of knives) much of it is based on personal preference: the weight of the knife, the balance, the length, how big of a heel/bolster, what your familiar with, cost and so many other factors. As I continue in my career, I find that I have changed numerous times to different brands. First starting off at the CIA the issued knife kit was Frederick Dick, then I moved to Henckels and Wusthof (all European), now I am on to the Japanese Global. (www.globalcutleryusa.com). I landed on Global because they are light, thin, balanced, have ergonomic handles with a non-traditional riveted handle look. They stay sharp, are very precise, sharpened on both sides and made from stainless steel.

PARTS OF A KNIFE

Next month I will review the practice of sharpening (and keeping) your knives sharp. I use an oil tri-stone, finished with a honing ceramic rod - as opposed to the classical cylindrical honing steel.

News from the Golf Shop..

As I write this, work is well underway on the Links Driving Range renovation. We hope you enjoy the new facelift with a fairway bunker, elevated greens with surrounding bunkers, newly planted sod, and the hitting area of artificial turf. During the weekly rotation of the range, we will be hitting off the artificial turf to help preserve the range top.

Summertime is here in full swing with the heat really taking effect on the course and on our golfers, please take advantage of our chilled towels at each restroom facility and the tennstand areas. While it's great to cool off with the chilled towels, be courteous to others and DO NOT DIP your hats or any other personal items in the chilled water. Reach in, grab a towel, and wring it out outside of the cooler.

Kid's Summer Camp will begin the second session on July 12-15 and the third session August 2-5. If you haven't already made your reservation, there is still time by emailing Racquet Sports Director Sandi Rosato at srosato@hammockdunesclub.com.

Lastly, please welcome to the Hammock Dunes Staff the following new faces in the golf shop, Paul Hawkins, PGA Class A Professional and Gwyn Baikauskas, Shop Associate.

As always, do not struggle with your game. All our professionals are willing and able to help you with all aspects of the game.

HDLGA News... 18 Holers

Submitted by Alison Wright, HDLGA Vice President

"The older you get, the stronger the wind gets; and it's always in your face." -Jack Nicklaus

Summer has arrived and I am excited to be starting my term as VP for the HDLGA. I am so glad that our outgoing President, Maggie Balzarini, and our incoming President, Janet Kreizman, have brought me on to the HDLGA Board. I am truly honored to work with such an accomplished group of women supporting this fabulous group of 233 golfers for the 2022-23 golf season.

Summer has no formal scheduled tournaments until Opening Day in October. Many of us "snowbirds" have flown north for the summer, myself included, so play is expected to be light, especially as the heat and humidity have settled in. If you are still in town, I would encourage you to get out there and play and practice — maybe even take some lessons from our trusted and skilled golf professionals in the mornings before it gets too hot.

Our 2022-23 calendar is still being finalized, we will be sharing that on the Club website later this summer. We are all looking forward to a fun-filled upcoming season with a fresh variety of formats on Wednesdays. Results of our recent survey regarding formats are being very carefully considered, and we are going to introduce one entirely new major tournament, format TBA. We have very healthy financials so our LGA annual dues will not be increasing, and we expect prize payouts to be even better than last season. Our goal is to have higher participation on all Ladies' Days, so please sign up and play often!

Wishing everyone a fun-filled and celebratory 4th of July.

The HDLGA Closing Day event was well attended by nine hole golfers. This year a nine hole flight was added to the tournament. This allowed those golfers who prefer a shorter game to compete amongst their peers and, best of all, win prizes.

It was a great ending to the season. Next year it will be my privilege to represent the nine hole golfers on the HDLGA Board. For those of you staying in the Hammock this summer, hope to see you out on the course. To all, have a great summer and a spectacular 4th of July.

Croquet News....

And the Games roll on...and the heat rolls in but the balmy ocean breezes call us to play croquet - the Game for all seasons!!

We celebrated “National Croquet Day” in June, combining First Friday with Friends to meet, greet and welcome new Hammock Dunes players to just play croquet. Don Finch directed the Golf Croquet. We toasted each other with a glass of wine..... Linda and Ron Huxtable taught new members. “Muchas Gracias” for your time keeping us in the Game!! Others enjoyed Golf Croquet followed by a super good buffet and celebration joining other clubs around the country also honoring National Croquet Day. We give kudos to Diane Leifer, Social Chair and her croquettes, Julie Gamble & Connie Wolfson for clever decorations. Thanks also go to all involved: Servers, Chef Cook and his staff as well as Crystal Hill, always working with and advising on these events.

Rolling ahead: In August, look for our most popular Beach Party croquet day. Be creative to win most clever beach attire. With our balmy breezes we will hear tropical tunes lulling us to play better croquet (of course.) Look for emails advising us of all upcoming events.

Though Maureen Villiotte is gone for the summer, lessons continue. Ron Huxtable offers lessons for Golf Croquet / strategy on Fridays at 2:30 p.m. Email Ron at ron01@msn.com. Don Finch offers Aussie lessons. Email Don at donfinch@att.net.

Wicket Reminders:

Tuesdays	6 Wicket Croquet	1:00 p.m.
	Aussie Croquet	3:15 p.m.
Fridays	Golf Croquet	3:15 p.m. *
Saturdays	Aussie Croquet	3:15 p.m.
Sundays	6 Wicket Croquet	1:00 p.m.
	Golf Croquet	3:15 p.m. *

* In case of Inclement weather: Don will email by 2:00 p.m. on Golf Croquet Days. Courts are still open for play unless lightning is in the area.

Always remember, Whites to be worn by all Croquet Members at all times on the Courts, unless otherwise advised. Questions about future events email Beth Thomas at bhthomas635@gmail.com.

“What a lovely hoop....didn’t even touch the sides”. Whoops - the clip is on a different wicket. Welcome to Croquet.... Take the good hoops with the losses.

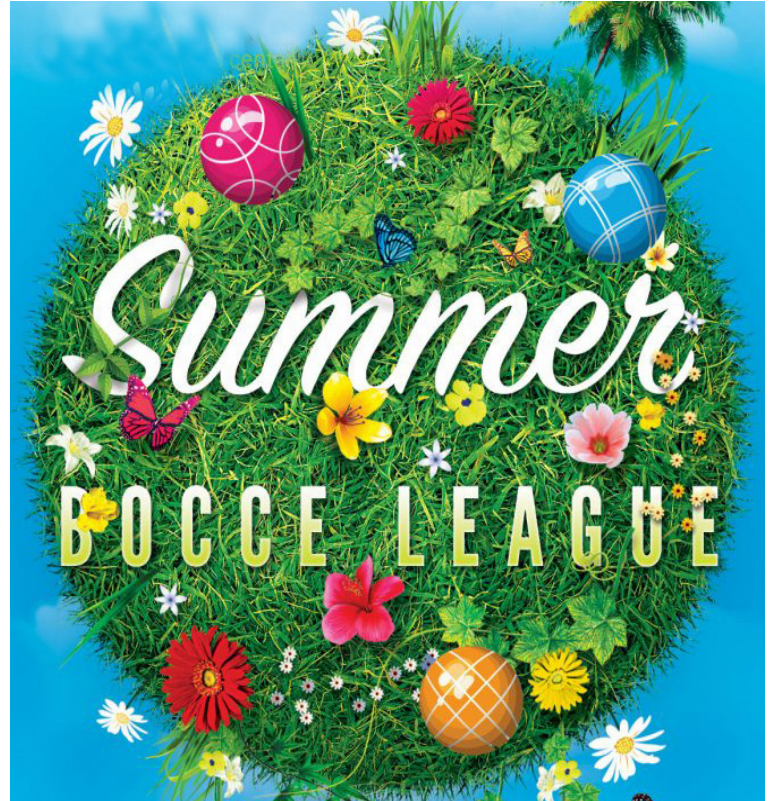

And the Games roll on....keep the ball rolling...off to the Courts...see you there.

Lightning Detection Policy / Procedure

Members are expected to exercise reasonable prudence and common sense when severe weather, e.g., thunder or lightning, is reported or observed in the area.

Both golf courses have sirens that will sound to notify all members on the golf courses, practice facilities, croquet lawns, pool and tennis facilities that dangerous weather is in the area. Immediately upon hearing the siren sound (one long blast), all members must leave their outdoor activities and seek appropriate shelter.

The siren will sound again (three short blasts) when it is safe to resume to outdoor activities. Members who fail to exercise prudence and common sense by evacuating the golf course when lightning is observed or reported, may be subject to Board discipline.

The golf course weather feature on the Club App is available to all members and will indicate when it is safe to resume outdoor activities.

Audubon Corner...

All About Alligators!!

- In length they start out from an egg at 6 inches. When adults, the average length is 11.2 feet, although they can get much larger
- Adults normally weigh 1000 lbs.
- They can live up to 50 years.
- Their sex is determined by the temperature of the egg.
- An alligator can have 3,000 teeth in a lifetime
- They swallow their prey whole unless it is too large, then they shake it into bite sizes. Dogs and cats can be prey for alligators.
- They live in a “gater” hole, determined by the air temperature. The hole can be 65 feet in length in cold weather.
- Alligators are found from North Carolina to Texas and can be frequently found on our golf courses.
