From the Clubhouse

From the Desk of Jesse K. Thorpe, General Manager

Dear Members,

Well the moment is finally upon us! The Dunes Tavern officially opens on Friday May 3 as part of the Grand Opening Open House event that evening, although we might be able to use the bar before that- it will be a last minute decision based on meeting permit requirements.

With the end of this phase of the project, there are still many small punch list items we will likely be working on going forward. It has been a long haul, but definitely worth the effort. The new facility is magnificent.

As a reminder, as we open the space, we will be asking for your patience while we become accustomed to working in the new facility. New procedures, new systems, and new facilities means we will be getting used to serving you in a whole new way. We anticipate greater supervision in this space and will manage tighter reservation controls while we care for you. Will we have some gaffes? Certainly, we expect we will. Believe me, there is nothing we like less than not meeting your expectations ... so please remember to be kind to our staff while we help them get used to an all new restaurant environment.

Kudos go to our entire management team for working together to make this last year plus as painless for our members. It has been a challenge working in limited facilities, with construction surrounding us. Hans, Crystal and the Chef and their teams have been great working around all the obstacles. Walter and Ryan have opened the new pool area and Fitness Center and continue to monitor what changes we might consider. Kim and her team have worked through relocation and noise. Matt Howes and his crew have been fantastic with our new landscape and getting clubhouse irrigation working again, and again. Carol Dyke and her staff have worked through dust and inconvenience. And last but not least, Brad, Gina and the outdoor services teams- they worked through all kinds of changes and made it all work out.

A huge Thank you to Rick Bodge, who has been a real blessing for the entire process. Rick's past experience in construction kept the wheels greased whenever we hit rough spots in the process. He has been nothing short of amazing.

Finally, thank you to all of you for your patience and support during this process! We look forward to redefining and enhancing your experience as we get up to speed with all our new facilities.

Jesse K. Thorpe CCM GM/COO

FROM THE KITCHEN

Join us in the newly renovated Dunes Tavern where you can see the food being prepared in the open kitchen concept.

We are excited as a culinary team to bring you a new dining option at the Links' Clubhouse with a kitchen design that is compact, yet efficient. The dining room ambience is modern, welcoming and casual. The china selection is one of my favorite parts – with its color and design, it makes the food speak.

As we “make the move” over to the new kitchen, here are some processes that require noting:

- Early Bird menu items will still be offered for pick-up or delivery only between 5:00 p.m. and 6:00 p.m. and will be coming out of the main kitchen.
- All pool menu items during the day will be coming out of the main kitchen.
- The Dunes Tavern will feature its own selections with some items having a pricing structure similar to that of the Early Birds; as well as other additional offerings.
- Slow Roasted Prime Rib of Beef will be available in the Tavern every Friday Night.
- Lobster Night and Snow Crab Leg Night will continue to be offered in the Tavern on the advertised dates.
- The Tavern will be open for Lunch and Dinner six days a week (Tuesday-Sunday).
- The Seaside Dining Room will offer a Prix Fixe Menu option on Friday and Saturday nights. Members can choose the 4 course menu option for the all inclusive price OR pick items individually for the specified a la carte pricing.

We will see you ...in the Dunes Tavern!

Food & Beverage Happenings

What to expect with the opening of the Dunes Tavern

Now that The Dunes Tavern is open there are a few improvements we would like to make you aware of, that will affect the Tavern, as well as the Creek.

Standing Reservations will no longer be accepted at the Links or Creek Dining rooms.

Reservations for a la carte dinner may be made no more than 10 days in advance. This allows equal opportunity for all members to experience the club.

Maximum size of a Reservation at a single table in the Dunes Tavern will be 10 people. Any more than that, it will be split into multiple tables next to each other. This will allow us to maximize our seating in the Tavern and provide better service.

For outdoor seating, if a reservation is booked for the outdoor patio, management cannot guarantee a seat indoors if the weather is inclement. This will be new to all of us and I'm sure there will be growing pains along the way. So please be patient as we all get acclimated to our new spaces.

News from the Golf Shop..

We saw so much great golf in this championship season. The courses this year were windy and firm and fast. These conditions seemed to bring so many players this year to a greater level of play. For that we thank you.

Hats off to our 2019 Champions one more time. They are:

Nancy Yule - 2019 Ladies' Club Champion
Lin Culver –2019 Masters Challenge Champion
Bob Campione – 2019 Men's Club Champion
John Heise – 2019 Senior Men's Club Champion

If you are headed away from Hammock Dunes for the summer, we wish you the best of luck with your game and in the competitions you will play. If you are staying here, we look forward to seeing you often and we hope that you have penciled the Florida Open (July 11-14) into your calendar.

I will be continuing Saturday morning clinics. Please see the advertisement in this edition of Dunescape for details. If you are interested in private lessons or clinics please contact the golf shops at 386.226.6222 Links or 386.447.7116 Creek.

We hope to see you on the course soon. Thank you.

Brad Myers, PGA, CCM - Director of Golf

HDLGA News...18 Holers

Submitted by Kimmie Wise, HDLGA Vice President
Congratulations to Member Member winners Margaret Condit and Theresa Flynn! Last year's champions, Pat Rose and Sharon Gardner did a wonderful job running the event. The "Fifty Shades of Green" theme was well embraced and overall a very successful week.

Our final tournament, the ever popular Member Guest, was held April 3-5. Debbie Youngerman, Sara Morrison and their team did a fabulous job! Fun was had by all, on and off the course. The food was amazing and the decorative details did not go unnoticed. How about the attire? Be sure to check out all the pictures from the photo booth, too!

We wrap up our season with Closing Day on May 1. Abbe Hirschler has a great day planned for "Kiss My Putt". During the lunch, we will vote on next year's officers. Even though the meat of our season is over, there is still plenty of golf to play. Regular Wednesday playdays continue all summer with a switch to 8:30 tee times as of May 22. We have a Bring A Friend scheduled for Wednesday, May 15. And there is one more Interclub, at St Johns, on Monday, May 20. Email Anne Gregorits if you would like to play.

To those that will be heading elsewhere, enjoy your summer and we will see you all back here in the Fall, and in the new Dunes Tavern!

9-Holers Scramble and Wine Social May 22

It's Casual Scramble & Social time again for the 9-Holers! Mark your calendars for May 22, 1:00 p.m. at the Links.

We will close out our season with a no stress, no score nine-hole Scramble for the fun of it. Afterwards, we will meet at Portofino's social room for Wine and Snacks. This will be our closing event of the season and our last chance to get together before many of us head north for the summer.

Watch for emails with the sign-up information. Golf, wine and friends -- what better way to spend an afternoon?

Pros Corner...

Tennis Racquets

While a top-of-the-line tennis racquet that's tailored to your individual needs and playing style won't turn you into a tennis phenom overnight, the wrong racquet can seriously hinder you during practice and gameplay. Be sure to match your tennis racquet to your skill level, your swing, and your preferred manner of play.

The first thing to consider when looking at tennis racquets is the frame. You have many options when it comes to size, shape, material, and so on. A racquet with a larger head will help you make more powerful swings, whereas a smaller head affords you more control. Can't decide? A mid-sized head offers a little of both! For length, a longer racquet can offer better leverage per swing for more power, but a traditional-length racquet provides a better balance of power and control. When considering the weight of a racquet, remember that heavier tennis racquets offer more power and less control while lighter racquets yield more control at the expense of power. The shape of your racquet determines where the sweet spot is: Traditional oval racquets have a sweet spot at the bottom, and a teardrop racquet features a larger sweet spot overall.

The next item on your racquet checklist is string. Pre-strung tennis racquets are great for beginners and recreational players. More advanced players may opt to customize their string material, gauge, and tension to their personal playing style. Natural gut tennis strings are considered the best, which is why many advanced players use them, but they tend to require frequent changing. Synthetic strings are great for recreational players as they achieve a happy medium between durability and playability. In terms of gauge: Thicker strings last longer but thinner strings feel better to most players. Experienced players tend to prefer lower string tension in their tennis racquets because it yields more power, while greener players benefit from the increased control of high-tension stringing. Regardless of your preference, be sure to adhere to the racquet manufacturer's tension guidelines. Plan to have your racquet restrung at least once per year, and a good rule to follow is: However many times you play per week is the number of times per year you should restrung your racquet. So if you play twice per week, have your tennis racquet restrung twice per year. If you play seasonally, make sure to time your restringing so that it occurs just before the season starts.

The right tennis racquet for you is based largely upon your current skill level. Beginners tend to do well with large racquets because they have bigger sweet spots. Advanced players tend to want high-tech racquets made of composite materials for excellent power in a lighter weight. Your swing is another factor in the type of racquet you need. If you're a powerful swinger, look for a smaller control racquet to help you have more control. If your swing is more about finesse, consider a larger power racquet to help you add a little oomph to your game.

Book Club

The May book club selection is *A PLACE FOR US*, the debut novel by Fatima Farheen Mirza, about the tug of culture and tradition for first generation Americans, as their parents strive to keep the old values alive.

The book opens at the wedding of the eldest daughter of an Indian-American Muslim family in California, to which the estranged son has chosen to return. As the narrative unfolds, the reader learns what it means to tread a path between the old world and the new, in a moving portrait of what it can mean to be an American family today.

Join us for the discussion on Wednesday, May 15, at 3 p.m. Kelly Marshall is our discussion leader. All members are invited to attend. If there are any questions, contact Pat Strohmeyer or Carol Swinburn.

Audubon Corner...

Snakes are one of the most feared animals....”the only good snake is a dead snake....”but snakes are an important part of our natural environment. Snakes make up a large portion of the middle-order predators. Without them, the number of prey species over populate which can cause infestations of, for example, insects, rats and mice. Rodents and insects are harmful to gardens and can carry diseases. Snakes serve as food for larger predators such as hawks, owls, herons and bobcats. Some snakes like black racers and king snakes eat other snakes who can be poisonous.

To protect themselves some juvenile snakes look like poisonous snakes example; baby black snake looks like a pygmy rattler. Snakes are very important to the balance of nature. If left alone they present little danger to people.

Employee of the Month...

We are honored to announce that Taylor Allesee is our May Employee of the month. Taylor started as a Server Assistant in October 2016 and recently worked her way up to a Server. Taylor is current attending Daytona State College and is a very talented softball player. Although she can be quiet, Taylor is a very talented young lady and a true asset to Hammock Dunes and its members. Please help us to acknowledge her for all of her hard work and dedication.

Womens Bible Study...

May Bible study begins a look at the Maccabees. Historically, the Maccabean Jewish family resisted Greek overlords in first century BC/AD Palestine and miraculously won a temporary independence for the Jewish state. Biblically, the first two of four books that bear their name are included in the Catholic Bible and considered apocryphal by Protestants. Year-round participants in the Bible study are exploring these books because of the light they shine on the background to Israel in the time of Christ. Jews will be familiar with the story because the celebration of Hannukah commemorates one of the miraculous acts in the account.

Meetings are held at the home of Judy Walters on Mondays at 1p.m. through June and at DeeDee Turlington's the months of July, August and September. Please call DeeDee at 283 4604 for exact times during the summer months. Visitors and first-timers are always welcome.
