DIVAS THROUGH THE DECADES

Dinner and a Show

Thursday, October 24

Divas Through the Decades is a musical tribute to some of the most influential female vocalists in American pop music, featuring songs from the 40's, through today's current hits.

The group has performed all over the country, were featured on NBC's "America's Got Talent" and was the opening act for Joan Rivers in Las Vegas. So come with us now as we take a journey through time starting in 1940 with the Andrew's Sisters!

From the Clubhouse

From the Desk of Jesse K. Thorpe, General Manager

Dear Members,

As we will soon be seeing many of you who have been away for the summer, I wanted to share some information about things to look for at the Club this fall.

- **Fitness-** Starting in October, Walter is adding some new and exciting fitness classes- So as the new calendar comes out, make sure to use the Mind/Body App to reserve your space. Your participation will determine the classes that continue in the future. In addition to these classes, at the request of members, we will be trying out some specialized classes. These classes will have a nominal fee for participation that will allow us to secure great instructors.
- **Food and Beverage & Special Events:** As you will note, Chef Cook and his team have wonderful menus in hand, and Hans and his staff are doing a wonderful job in serving. I highly encourage advance reservations for dining. If summer activity is any indication of things to come, an advance reservation will be a **MUST!** Additionally the staff is planning some wonderful new events for your enjoyment. Great entertainment, décor and food and beverage will abound! Please watch the Dunescape for details.
- **Facilities:** We are in the final stages of making some adjustments to the HVAC for the Dunes Tavern Bar area. We hope to be completed before the end of October. Additionally we are making enhancements to the A/V System in the Tavern so we can provide Hi-Def images of all your favorite Games. And yes, we do have the NFL Sunday Ticket, so you can see all the games!!

So, please travel safely! We look forward to seeing you!

See you around the Club!

FROM THE KITCHEN

A couple months ago I was asked to contribute to a magazine. Not just “any” magazine; but the ACF’s (American Culinary Federation’s) magazine. The “go to” organization for almost 20,000 chefs across the country. The establishment that has proven to be the best accredited certification program in the United States (if not the globe); from beginning cooks (CC’s) to masters of their craft (CMC’s). Offering a vast array: from savory, to sweet, to teaching, to administration certifications.

I jumped at the opportunity and without hesitation said a resounding YES! Even if it would be a small portion in the magazine with an article highlighting the topic (classical vs. modern); that in itself would be greatly appreciated. The article’s intent was to “reinvent” a dish from the classical version into a more modern take. I did 2 different dishes: Caprese and “Oscar Style” (because Oscar is not exactly a precise dish but more of required components; it originated with veal but has developed over time into so much more). The ACF ended up using the Oscar Style dishes that I presented and saved the Caprese for a later issue. But not only did they feature the dishes and the information I provided, they put me on the COVER of the September/October 2019 issue!

This ranks up there in the great highlights of my career. If you have the opportunity, check it out on www.wearechefs.com and click on the salmon dish. I truly enjoy what I do each and every day and to be given the opportunity to represent the best club ever - is such an awesome responsibility.

We are Going Green!
We hope you have had an incredible summer and are looking forward to our upcoming season. We are excited and so lucky to have such a beautiful setting. This gives us the perfect time inform you on the steps we are taking to do our part in keeping it beautiful.

Over the next 2 months, the Club will be transitioning away from the traditional Styrofoam and plastic products to an Eco-friendlier paper, plastic, and Styrofoam products made with biodegradable alternatives. The plastic products (cups, straws, bags, and lids) are made from plants and are manufactured by Greenware right here in the USA. The new Styrofoam cups by Vio will biodegrade 92% over 4 years and are also manufactured in the USA. The single-use containers and cups used for staff meals will also be replaced with reusable options. The straws will also be made from plants but we will attempt to limit the use by having them available on request only.

We are thankful for all of your support in helping us do our part to preserve our beautiful surroundings and look forward to keeping you abreast of our progress.

News from the Golf Shop..

Are you ready to move past Hurricane season and into the fall golf season? We sure are. As a reminder, we have some of the largest tournaments of the year coming up in the next six weeks.

The Ladies' Fabulous Fall Shootout is on October 23 - 24 and the Men's Dunes Classic is November 14 - 16. Also, please make sure that you have signed up for the HDLGA Opening Day at the Links Course on Wednesday, October 2 and the Nine and Dine on October 6.

October will also mark the beginning of the new retail season for us. I have a few staff changes of which I want to make you aware. Most of you are aware that we have been looking for a lead merchandise person for quite some time. We will be filling that role with Liana Lopez. She and Head Golf Professional Gina Hull will be working jointly to bolster that part of the operation. Liana has had some solid retail experience in New York, and we look forward to seeing what she does with the operation. If you have any ideas or need help finding something, please do not hesitate to discuss it with her. Congratulations Liana.

As many of you probably are aware, Elisa Delledera who worked part time with us at the Links Shop over the last couple of years has decided to retire from working at Hammock Dunes. We wish her the best. Joining the staff is Katie Dalton. Katie is a native of Vidalia Georgia. She just graduated from Dalton State University where she played on the golf team. She is a great addition to the team, and we hope that you have the opportunity to meet her soon.

Let us know if we can help you with your equipment or your swing. We want to see everyone improving and playing the best golf of their life. I will be offering clinics on Saturdays in October. Please see the ad in this Dunescape for more information.

We hope to see you on the course soon.

It is possible to learn something new about your technique and to become a better player right now. Director of Golf Brad Myers will be conducting a series of golf clinics at the Links Course targeted to those that feel that they have maybe reached their potential and that don't feel that they are going to get any better. The clinics are open to women and men in all handicap ranges and will be held on Saturdays in October. In order to give you some flexibility in scheduling your Saturday golf round and to allow additional spots for signup, two clinics per day will be offered. Those times are 10 to 11 a.m. in the morning and afternoons from 1 to 2 p.m.

The clinic dates and topics are as follows:

Saturday, October 5-Full Swing

Saturday, October 12 - Putting

Saturday, October 19 - Full swing

October 26 - Sand Game

Price is \$35 per person per hour and each clinic will be available to the first 6 people that signup for each clinic. We are capping the number of spots available so that each member can receive an appropriate amount of individual attention.

So sign up today by calling the Links Golf shop (386.446.6222) and get started on the road to lower scores.

Pros Corner...

10 Steps to Succeed In the Heat

- **Physically Prepare** — The more physically fit the tennis player is, the less likely they will experience heat-related issues.
- **Drink, Drink, Drink** — Drinking a combination of water and electrolyte-enhanced beverages throughout the day will help keep the tennis player well hydrated.
- **Don't Rely on Thirst** — Drink consistently, not just when thirsty. The body may be 2 per-cent dehydrated by the time thirst is experienced.
- **Increase Salt Content in Food and Drink** — As salt is the major electrolyte lost in sweat, it is essential to replace this important electrolyte throughout the day. Foods that contain high salt content include vegetable juice, canned soups, sports drinks and salted pretzels.
- **Use Ice and Other Cooling Mechanisms** — Keeping the body cool before, during and after practice or competition is helpful in maintaining an appropriate body temperature. However, putting ice directly on muscles and joints during play is not advised due to the possibility of muscle and joint stiffening.
- **Appropriate fuel before, during and after practice or match**
- **Clothing** — It is best to choose light-colored, breathable and loosely-woven fabrics to help sweat evaporate easily.
- **Sunscreen** — In addition to helping reduce the instances of skin cancer, which is important for long-term health, applying liberal amounts of sunscreen will also prevent short-term sunburn that increases an athlete's skin temperature and may make them more susceptible to heat-related problems.
- **Acclimation** — It is important to get the body adapted to a hot environment. Most occurrences of heat illness take place in the first 2-3 days of training or competition in a hot and humid environment.
- **Reduce contact with direct sunlight when not playing**

On the Courts

Croquet News....

And the Games roll on..... as I write, Dorian is approaching Florida's East Coast. Hopefully it will leave all of us with its energy and no destruction.

Rolling Back:

The Luau Party was held in August with Hawaiian music permeating the Croquet courts. "Mahalo" to Sharon Ralston for keeping us in the "Oahu" moment as we played Croquet on the courts continuing the party in the dining room. Kudos to Crystal Hill and Jonnie Finch for table decor to bring us to the Luau!!!

Also in August, we welcomed Plantation Club to Hammock Dunes for a First Coast Croquet League mixers event. No pressure to challenge... just enjoy the day!! That is the motto. Continuing this camaraderie, the day was completed with lunch. Look for future e-mails inviting every Croquet Member to experience playing in the First Coast Mixers. Thank you, John for a well-directed event!

Rolling Ahead:

November 3 - October & November Birthdays...Always a lively party with balloons floating in the air; laughter ringing out ignoring the age.

November 15 - Golf Croquet Tournament... be a player!!

DATES and TIMES subject to change. RESERVATIONS for all Croquet Dinners!!

We are expecting Maureen Villiotte, sitting President, back this month. With her return Croquet lessons will continue. Included are shot making, strategies, rules of the Game (most important) and more. Confidence will be yours to play your Game!! Watch for e-mails.

Mrs. Obama's memoir includes deep reflection and mesmerizing storytelling, as she invites the reader into her world, chronicling the experiences that have shaped her -- from her childhood on the South Side of Chicago to her years as an executive balancing the demands of motherhood and work, to her time at the world's most famous address. In a life filled with meaning and accomplishment, Michelle Obama has emerged as one of the most iconic and compelling women of our era.

Employee of the Month...

Mike Tsouklaris, Golf Professional

Mike is our Hammock Dunes employee of the month. Mike has made a great transition into our tournament operations and we are very grateful. If you have participated in a Nine & Dine in the last six months, then you will probably agree that his effort has made these events much better. Mike has also been a great help to Gina and me in the administration of our management responsibilities.

I am very appreciative for all that he has done in the operation and look forward to working with him for many years to come.

Thanks Mike. Please congratulate him next time that you see him.

News & Notes

Audubon Corner...

While walking around Lake Monterrey or down the 11th fairway, have you heard a wild rattling call? If you have, it is the sound of a Belted Kingfisher. Kingfishers nest in a burrow that is dug in the muddy bank of lakes, ponds or streams.

Notice that it is the female that is the colorful one not the male in this species. Scientists do not know why, as the males are still protective and very territorial. It may be so the males recognize that the rust color signifies this is a female and do not chase her off what he considers his turf. On the other hand, the female is very aggressive during breeding season.

They are excellent at fishing. They dive into water to avoid being dinner for a hawk. The oldest fossil of a kingfisher found in Florida is 2 million years old!

Presidents Letter...

Dear Members,

The Clubhouse renovation is complete; however **our Club must continue to change and evolve with the goal to enhance our Member Experience and provide the amenities and services required by new Members.** The fitness center and the classes offered have exceeded expectations. Walter Sam continues to refine and add classes to meet the needs of Members returning this fall. Ala Carte Food and Beverage sales are up well over 30%. Chef Cook and his team continue to work on menu innovations for all our dining venues.

Thanks to all of these initiatives and the ability we now have to modify our Membership offerings, we are positioned to maintain and grow our Membership to the levels needed to keep our Club healthy and meet future needs.

Membership levels have been declining and we need to reverse that trend now. Earlier this year Colleen Albrecht was hired as our Membership Sales Director, and we are already seeing positive results. AdventHealth is now a Corporate Member, we have sold 5 new Memberships, 6 transfers and have many interested prospects.

Colleen is doing a great job. **However, nobody sells new Memberships, like our Members.** Earlier this year we held Member focus groups. When asked "what you most liked about our Club," the overwhelming response was "Our Members and the experiences and friendships that we've created".

Starting in October we are hosting functions for non-members within the neighborhoods of Hammock Dunes, as well as for Hammock Beach and other surrounding areas. Jesse and his team will do a great job and our facility and services will sell themselves. Members who are friends and neighbors of these prospects will also be invited to show them what our Membership Experience is all about.

In addition, we are **launching a Member Ambassador program** to host prospects for croquet, tennis, pickleball, golf, bridge, dining and to answer any questions these prospects may have. To kick off this program we will be hosting a breakfast meeting on Tuesday, October 15 at 8:30 a.m. to fully explain how this program will work.

Please contact Kim Laxton 386-445-0747 if you are interested in attending this function and making the commitment to become an Ambassador.

Thanks for your continued support and I look forward to seeing you at our Club.

Bob Drab - President, Hammock Dunes Club

Thank You...

It's been a hard ten years at our house, but with all the love and compassion Myra and I received from all the lovely people of this great place to live, we made it as far as possible. So, to all you generous people, I thank you so much.

Thank All...

I would like to thank all of my friends at Hammock Dunes for your prayers, thoughtful cards, phone calls, and emails during my kidney transplant surgery and recovery. You helped make my recovery time go by faster, and I felt more connected to home. Thanks too for wishing my daughter a speedy recovery. We are all doing fine now.

Julie Gamble

Many Thanks...
