From the Desk of Tim Timlin General Manager

Dear Members,

Hopefully as you are reading this edition of your March Dunescape you have already received your first invitation to participate in our Hammock Dunes survey. On the heels of receiving your invite I want to say Thank You to all of those who participated in the focus groups with Global Golf. The spirited discussion and open communication allowed GGA to produce a series of questions that are sure to address your concerns regarding the Club presently and more importantly our path to a prosperous future.

While there were many topics of discussion during the focus group sessions, one that was discussed in multiple groups was the adherence to Club policies and the state of general decorum around the campus. It is fair to say that these occurrences are still in the minority, but their frequency, scope and impact are definitely on the rise. The two most frequent infractions that are visible at the Club are dress code and animals, specifically dog walking. Appropriate attire in our venues, including dining rooms, is put in place to maintain the environment, atmosphere and level of expected decorum suitable for that location. These policies are also intended to maintain and assure the member of the experience intended. Each section of the Dress Code is approved by the Club Committee responsible for the area with oversight performed by Club Management. The second area is that of animals and as mentioned the majority surrounds dog walking on campus. Domesticated animals with the exception of certified service animals are not permitted on Club grounds nor in either clubhouse. The focus of these infractions has been occurring on the golf course and the areas encompassing racquet sports. Please know that our Dress Code is included in the General Club Rules found on the Club website, and our team will be applying all policies on a more consistent basis.

One of the fastest growing committees within our industry is the long-forgotten Grievance Committee. While this committee was a mainstay in years past, it has slipped into obscurity but has certainly returned with a vengeance. Grievances usually come about through the aforementioned policy infractions or decorum concerns. The Club has witnessed increased instances of animated discussion between individuals as well as disrespectful actions that may not be commonly accepted. Protecting our culture and community remains at the top of our priority list.

Respectfully,
Tim Timlin, CCM, CCE, CAM

HDLGA News... 18 Holers

Submitted by Monica Lipomi, HDLGA Vice President

In March, we can anticipate the arrival of spring weather, along with the highly anticipated Mixed Club Championship, Men's Club Championship, and Ladies' Club Championship. If you have not yet registered, please take the time to do so.

On February 14, we successfully hosted our first-ever, "Sweetheart Open", at the Creek course. Thirty six couples participated in a two-person team golf competition. We would like to express our sincere gratitude to Sue Scott for her exceptional organization of this event. At the time of writing this article, the Masters Challenge is scheduled to take place on February 21. I will provide a detailed update on this event in the upcoming issue.

I would like to address the issue of pace of play. It continues to be a concern, especially with the increasing number of golfers and higher tournament attendance. Therefore, as a gentle reminder. Here are a few tips to bear in mind:

Plan your shot before you get to your ball - Once you are off the tee, think ahead. Determine your yardage and make your club selection before it is your turn to play.

Develop an eye for distance - You don't have to step off yardage for every shot. If you need to determine precise distance, try to find a yardage marker before you reach your ball, then step off the yardage on the way to your ball. Or consider investing in an electronic rangefinder. If others you are playing with are not familiar with the course, the Rules permit players to exchange yardage information without penalty.

Keep up with the group in front of you - Your correct position on the course is immediately behind the group in front of you, not immediately in front of the group behind you. Arrive at your next shot just before the group in front leaves the area in front of you.

Be efficient on the putting green - Mark your ball and lift and clean it when you arrive at the putting green so you will be ready to replace it when it is your turn to play. You can usually line up your putt while others are putting, without disturbing them. Wait until the next tee to record your score.

Remember that picking up your ball is permitted by the USGA Handicap System - If not in an individual stroke play competition, it is generally OK to pick up your ball and move on to the next hole if you are "out" of a hole and want to maintain pace of play. This applies in match play and many forms of stroke play, including Stableford and best-ball play.

News from the Golf Shop...

March is upon us which means spring is right around the corner! I am sure most of you are tired of these cold, cloudy, windy, rainy days. This winter has not been good for our golf games!! Most of the country is awaiting the arrival of spring and the “official” golf season.

While we will have plenty of events at the Club this month, much of the golfing world will be focusing on The Players Championship held right up the road from us. Being a golf fan, I really enjoy the big tournaments and everything that goes on around them. Now that I’m living so close to TPC Sawgrass, I definitely plan to get up there to take in some of the action and I would encourage all of you to as well. Should you get an opportunity to get up the TPC Sawgrass for the tournament, I encourage you to spend some time at the practice areas and observe how the best players in the world practice, especially if you are there mid week. I firmly believe we can all learn from the best players in the world by watching their practice routines, warm-up routines and habits. Pay attention to how they practice their short games and putting as well. All of us want to play a bit better so if you get up to the tournament, take some notes on what you observe the best players in the world doing.

Speaking of big tournaments, we have a busy month, as March is “Championship Month” with four of our Club championships being contested, including a new event, the Mixed Club Championship, it’s a better ball of partners format, both gross & net divisions and teams made up of one male member and one female member of the Club. Below you will find a list of all our upcoming events for March.

March Golf Events

- March 3 Mixed Club Championship
- March 8-10 Men’s Club Championship
- March 9-10 Ladies’ Club Championship
- March 22-23 Senior Men’s Club Championship

MGA News...

Submitted by Rick Woods

We kick off 2024 with robust plans for MGA tournaments and special events scheduled during the year. Our committee has been organizing and executing tournaments like our new Creek Cup currently underway, and the recently completed Winter Classic. You may recall seeing the highlights for the Creek Cup in the December Dunescape. The tournament is our inaugural two-man match play event that began in December and will run through April. It’s comprised of two man teams, grouped into 8 brackets. Each team plays three matches between December and February. The winning eight teams then go into single elimination matches, concluding in April.

Watch for results of the first round matches, and updates on the final eight teams in next month’s Dunescape! During January we also celebrated the successful Winter Classic tournament led by Bruce Perlman, Event Chairman, an exciting event with 4 Ball competition on Friday & Scramble format on Saturday. Our Champions Richard Hastings & Michael Charland’s came from behind with a two day winning score of 131 or 13 under par. Great playing!!

In closing, the MGA committee & membership are thankful for the leadership & relentless efforts of our outgoing President, Ed McDonald. His passion & energy for our MGA membership experiences has been a focus during his tenure. Our committee is excited about the future schedule of events & tournaments being organized for the months ahead. Please plan to hold a spot on your calendar & join us in creating new stories to share during the upcoming Member/Member in April and the MGA Alternate shot event in May.

Creating your Cardiovascular Exercise Plan

The ultimate cardio plan is the one you design for yourself. Use the following variables to write down your weekly cardio plan and then put it into action:

- Frequency (how many days per week)
- Type of cardio (mix it up or stick with the same)
- Duration (how many minutes)
- Intensity level (RPE)
- Mode (resistance, speed or level)

*RPE is the Rate of Perceived Exertion and it is used to measure how hard your body works during physical activity. It runs from 0-10 and helps you rate how much effort an activity takes. It can help you manage the intensity level and improve your cardio training.

Creating a plan for maintenance, health and fitness:

Frequency should be: 3-4 days per week
20-30 minutes per session (RPE* moderate to intense)

Creating a plan for maximum fat loss:

5-7 days per week
30-60 minutes per session (RPE moderate)
20-30 minutes per session (RPE intense)

Examples of moderate cardio exercises:

- Treadmill Walking:
Duration - 30 minutes
RPE 5
Steady State - hold pace and incline
5% incline

- Elliptical Machine:
Duration - 30 minutes
RPE - 5
Steady State
Level 5

Examples of intense cardio exercises:

- Stationary Cycle:
Duration - 24 minutes
RPE 4-9
10 intervals (RRE 9 for 1 minute, RRE 4 for 1 minute, Alternate)
1 min/1min

- Stair climber:
Duration - 30 minutes
RPE - 8
Steady State
Level - the level that takes your RPE to an 8 out of 10

Opera Night Hammock Dunes Club!

Thursday, March 21 ➤ 4 p.m.

Berlioz's *Béatrice et Bénédict*
The Glyndebourne Festival, 2016

It was the bard himself who invented the structure and character types of romantic comedies. In *Much Ado About Nothing*, Shakespeare's Beatrice and Benedick may trade insults and taunts but are really in love. Hector Berlioz turned their story into a comic opera, and director Laurent Pelly brings it to the Glyndebourne stage as a "stylish, smartly directed show," of which "the star is undoubtedly Stéphanie d'Oustrac as a wily, fiery Béatrice. The French mezzo ... has a distinctive, rich voice and holds the stage," according to Opera Magazine.

"D'Oustrac and Appleby generate a considerable sexual charge together and are gorgeous in their arias," notes The Guardian.

All are welcome. The program will begin promptly at 4 p.m. in the Board Room. There will be one 15-minute intermission and it will end at 6:30 p.m. Please remember to arrive early and enjoy a glass of wine or champagne before.

Presented by Jinny Crum-Jones and Ian Jones

in association with Barbara Arzonetti

Watch for our Strategic Planning Survey

The Club recently held focus groups, moderated by GGA Partners (GGA), to start building the next Strategic Plan. The input from our focus groups leads directly to the next key element, the Member Survey. The Survey launches on February 26 with a completion deadline of March 11.

The survey will be sent from a GGA Partners email address and will contain your personalized link to complete a survey. The questionnaire covers all aspects of your Member Experience and is designed to capture each individual's opinion and insight. All responses will be sent directly to GGA and are confidential. The Club will receive an aggregate summary of the results and findings.

Remember, the survey will be sent from GGA Partners, so please watch for it in your inbox. If you have not received the survey, be sure to check your spam/junk folder, as some email systems have strict security settings. Book Club

THE VIOLIN CONSPIRACY by Brendan Slocumb is book club's March topic. It's a page-turning mystery/thriller and a musical coming-of-age story, with lessons in the classical music world and in the heart-pounding realities of being a young Black man in America.

Ray McMillian, the main character, loves music and loves fiddling. His family wants him to just get a job and make some money. But his grandmother appreciates his genius, and gifts him a family heirloom that belonged to her great grandfather, who was enslaved, and used it to play for his white master. Family legend has it that the master, a Mr. Marks, gave the violin to Ray's great great grandfather when he was freed. Once Ray learns that the violin is in fact an 18th century Stradivarius worth millions, his star rises. Then just before Ray is to play in a huge, history-making competition, the Stradivarius is stolen and held for \$5 million ransom. Who took it and what does Ray have to endure to get it back?

Mark your calendars for Wednesday, March 20 at 4 p.m. in the Links Lounge when Carole Helmandollar will lead our discussion. If you have any questions, contact one of book club's leaders - Julie Duffy, Claudia Pierce and Carol Swinburn.
