

## USGA RULES WILL GOVERN ALL PLAY AT HAMMOCK DUNES CLUB INCLUDING THE FOLLOWING LOCAL RULES:

- **NATIVE AREAS** – All areas not maintained at rough height or lower are considered Native Areas and will be played as red penalty areas on the Creek Course. The penalty area will be defined by the nearest edge of the course that is maintained at rough height or lower and will be your nearest point of relief. (These areas will not be defined by red stakes or red lines.)
- **NATIVE AREAS ADJACENT TO CART PATHS** - On holes where the Native Area (defined as Red Penalty Areas) is directly adjacent to the cart path, the outside edge (non-fairway, non-golf course side) of the cart path defines the edge of the penalty area. The cart path remains an obstruction.
- **NO PLAY ZONES** - A ball in an environmentally sensitive area may not be played & these areas are defined by red stakes with green caps. Drop zones are located holes 7, 13, 15 & 16.
- **BALL LOST OR OUT OF BOUNDS** - The Local Rule for Alternative to Stroke & Distance may be used.
- **OBSTRUCTIONS NEAR THE GREEN** - Free relief is available for a ball in the general area if an immovable obstruction within 2 club-lengths of the putting green and within 2 club-lengths of the ball intervenes on the line of play. The player may drop a ball in the 1 club-length radius relief area behind the nearest point of complete relief for the line of play.
- **COQUINA PATHS** - Are not treated as obstructions & no relief is given.
- **Waste Areas** are to be played as “through the green” & are located on holes 9 & 18.
- **CART PATH ONLY** - Players should play the ball “down” except on those holes where, due to wet conditions, carts are restricted to the cart paths.
- **DISTANCE MEASURING DEVICES** - Distance measuring devices are permitted for all play but may not be used to determine slope.

**This Golf Course is irrigated with reclaimed water**

**FLAG COLOR INDICATES PIN LOCATION**
