Vol.30/No.8 August 2022

*Kids Summer Sports Camp - June Et July*

# From the Clubhouse

## From the Desk of Tim Timlin, General Manager/COO

Dear Members,

Yes, it is true that we are nearing the official end of the “dog days” of summer and the arrival of our 2022-2023 season is right around the corner. Before we blink, Labor Day will be at our doorstep and we will be off and running to another successful year. During the month of August the Club will plan our activities calendar for the season while working with respective Committees to finalize this year’s Tournament Schedules, while also performing annual turfgrass maintenance on each course. We will also utilize the Club closure to complete preventive maintenance, area deep cleaning and additional staff training. The planning and preparation performed during August will assure we enter the Fall Season in a position to deliver upon the Hammock Dunes promise of continuous evolution to excellence.

One of our primary objectives is to develop our campus-wide schedule with new activities to enhance your gratification. While the construction schedule at the Creek may have a slight impact on our scheduling I can attest that the team is working overtime to develop new events centered around making new friends, tantalizing your taste buds and strengthening the bond within our community. While our foundational goal is to build upon the traditions and success of the past, our management mantra for the future is to “reimagine the member experience”. Your fulfillment, enjoyment and happiness will serve not only as our benchmark, but for our ultimate motivation.

In closing I wanted to report that our search for our new Director of Golf is well under way and we have received inquiries from a number of qualified professionals. After evaluating the initial pool of applicants, Zoom calls are currently being conducted, to be completed by July 31. This will be quickly followed by in-person interviews for the selected candidates. Given the appropriate time for scheduling and travel, I am hopeful the selection process will be completed no later than August 31. As for the starting date, my goal is early November, but of course this will be influenced by a number of variables associated with the selected candidate.

Yours in Service,

*Tim Timlin, CCM, CCE, CAM ~ General Manager / COO*

## From the Kitchen...

### Sharpening your kitchen knives...

**Assess the damage.** Check the blade edge for nicks and pits; see if the knife has a clean curve in the taper from tip to end. Oftentimes, supermarket sharpening can be a rush job, and the sharpening will do more damage than good. A knife that shows significant wear requires more intensive TLC, starting with the grinding wheel to reshape the bevel.

A recommended sharpening stone for home use may be found on Amazon: *Arkansas Sharpening Stone Set - Wood Mounted 10"*.

**Work the Stone.** With a properly shaped edge, you want to work through different levels of grit to polish the blade into a perfect bevel. On a whetstone, you start by soaking the stone in water, and — for a knife that's dull but not damaged — begin with a coarse 600 grit. Hold the knife in hand in a traditional pinch grip, then turn your hand so that the thumb faces the ceiling and advance the forefinger to the top edge of the blade. With the edge resting on the whetstone, figure your angle: If it's a Japanese blade, angle the knife so two quarters can fit under the top of the blade. For European knives, the height is typically three quarters. Then lock your wrist, take two fingers on the opposite hand and press the blade down on the stone. Advance the blade back and forth, working your fingers up the blade. As you approach the tip of the knife, angle the blade up a little, to sharpen the tip.

**Rinse and repeat.** A mud develops as the knife is worked over the stone, so use a sponge to clear the mud from the knife. Then, exchange the coarse stone for a finer one — a medium 1,000 grit — and repeat the forward-and-back motion. Test the burr (the curl that develops at the blade's edge) with your finger and look to see if the scratches have been removed. Then, rinse again, and once more up the grit, this time to a fine 6,000-grit stone. By the end of this step, the majority of the burr will be removed.

## 2022 Hammock Dunes Club Junior Championship Results

For the first time in the Club's History, The Junior Club Championship was contested on July 20 at the Links Course. The competition featured 5 young players divided into the Mcllroy Flight and the Spieth Flight. Each Flight playing 18 holes.

### **Mcllroy Flight**

First Place - Jack Rossheim - 77  
Second Place - Alek Libby - 78  
Third Place - William Tucker - 106

### **Spieth Flight**

First Place - JT Stricklin - 84  
Second Place - Wesley Tucker - 113

Jack Rossheim won the overall event with a score of 77. The Championship, which was supposed to finish on the 20th was suspended until Thursday morning due to a severe Thunderstorm. They all returned to the course for a 7:30 a.m. finish.

In the Spieth Flight, JT Stricklin won with an 84. Fortunately for them they finished ahead of the storm and got a good night's rest.

Thanks to all the participants for playing in the 1st annual Junior Club Championship.

## Nine-Holers

*Submitted by Susan Kolka*

Hot potato! Is it just me or is the temperature extra hot this summer? Despite the heat the 9 holers are having fun. A round of 9 hole golf followed by lunch and chatter in the Tavern have been providing those of us in town with perfect summer mornings. Join the fun if you are around.

A friendly reminder, please regularly post your scores. Next season the HDLGA is planning to add a 9 hole flight to some events. You will need to have an up-to-date handicap to win prizes in the 9 hole flight.

Enjoy the summer.

## Stay Hydrated for Safety!

The Florida heat is at its peak in August, creating the perfect conditions for dehydration. Insufficient water intake or excessive water loss may lead to dehydration, affecting consciousness, mental and exercise performance, and your overall health.

Before you start your outdoor activities – golf, tennis, pickleball, croquet, bocce, even at the pool, drink plenty of water, especially if you have had your morning coffee or tea. Drink plenty of fluids during the day, before you feel thirsty, and get help if you feel faint or overheated. If you start feeling sick or weak, call for help!

As a point of information, locations of the Club AEDs are: Clubhouse Lobby/Kitchen, Links and Creek Cart Barns, Creek Clubhouse, Fitness Center, and Courthouse.

*Read more about the difference between two popular hydration drinks - Pedialyte and Gatorade, on the Fitness Page of the Club Website.*

## Virtual Fitness Classes...

Our Virtual 'Les Mills' classes are available at any time that the aerobics studio is not being used for a class or a private training. Check the Fitness Class schedule or call us to find a time that works for you.

## Audubon Corner...

It's that time of year in Flagler when sea turtles' nest on our beach. We have Loggerheads (most common), Green, Leatherbacks, Kemps Ridley and Hawksbill (least common). Nesting season runs from May to October. Sea turtles lay their eggs at night in nests dug into the sand a few feet above the high tide line and then return to the sea.

"Lights out for sea turtles" More turtles nest in Florida than anywhere else in the country. Only 1 out of 10 eggs survive to adulthood. All Florida sea turtles are protected, ranging from "vulnerable" to "critically endangered". Turtles usually return annually to the same area for their nesting spot.

Fishing line entanglement is a common threat. Anglers who inadvertently hook a turtle should call FWC first; (850-488-3831). Never cut the line!! Go nice and slow and start gently working up to the beach.

## Mahjongg

This summer many of our players have participated in The Longest Day Fundraiser for The Alzheimer's Association. The funds we have raised were to honor those of our Mahjongg family and friends who are suffering the effects of this disease. The fundraiser will continue through August.

The Hammock Dunes Club mahjongg group plays games on Wednesday, Thursday and Saturday. Select summer Wednesdays we have lunch and play at the Creek. Please note that fewer ladies play during the summer, so check with others before you venture out. Please join us if you would like to play!

### Regular Games

Wednesday 1:30 p.m. Coquina Lounge or  
Creek Clubhouse (8/17, 8/31)  
Thursday 1:30 p.m. Coquina Lounge  
Saturday 1:00 p.m. Coquina Lounge

Questions? Please contact Tracy Martin  
tracymartin299@gmail.com

### Lightning Detection Policy / Procedure

Members are expected to exercise reasonable prudence and common sense when severe weather, e.g., thunder or lightning, is reported or observed in the area.

Both golf courses have sirens that will sound to notify all members on the golf courses, practice facilities, croquet lawns, pool and tennis facilities that dangerous weather is in the area. Immediately upon hearing the siren sound (one long blast), all members must leave their outdoor activities and seek appropriate shelter.

The siren will sound again (three short blasts) when it is safe to resume to outdoor activities. Members who fail to exercise prudence and common sense by evacuating the golf course when lightning is observed or reported, may be subject to Board discipline.

The golf course weather feature on the Club App is available to all members and will indicate when it is safe to resume outdoor activities.

## *Ballet at Hammock Dunes Club*

Wednesday, August 10 from 4-6 p.m.

### *Mac Millan's Romeo and Juliet Filmed on Location in Hungary, 2020*

The stages of most of the world's great opera houses are shared by opera and ballet. Likewise, during our annual summer break from opera, Hammock Dunes Club will be screening two ballets. First up is *Romeo and Juliet*, filmed on location to Sergei Prokofiev's iconic score. William Bracewell and Francesca Hayward play the star-crossed lovers. According to *The Times of London*, the film "reveals Hayward as an astonishingly lyrical, heartfelt Juliet," and *The Guardian* calls it "exciting, romantic, tragic, and convincing."

*Romeo and Juliet* will be followed by *Swan Lake* in September, and opera screenings will resume in November.

All are welcome. The program will begin promptly at 4 p.m. in the Board Room. There will be one 15-minute intermission, and it will end at 6 p.m. Please remember to arrive early and enjoy a glass of wine or champagne before. As always, after the final curtain falls and the applause dies down, please consider reserving for dinner.

Presented by Jinny Crum-Jones and Ian Jones in association with Barbara Arzonetti
